

**LOCAL RENTAL ADVERTISING RATES**

**Annual Dollar Volume Agreements**

Local Classified Agreement rates are available to advertisers who offer real estate, rentals, merchandise or services to consumers through an outlet or representative located within the State of Arizona.

Automotive and employment advertisers please refer to separate rate card. Agreement rates are non-commissionable. All charges subject to prevailing taxes.

Rates are per agate line, per day. All single column advertisements will be charged by computer-generated line count.

The Advertiser agrees to meet or exceed annual dollar volume requirements during the agreement year. If the Advertiser wishes to invest more than originally committed, they may sign a new annual agreement.

If Advertiser exceeds the revenue commitment of the next higher level(s), they may receive that higher level's rate for the duration of the contract year. Self-renewing agreements will renew at the original signed contract level.

If the annual dollar volume requirement is not met, a short rate will occur. See paragraph #3 of annual Classified agreement for details.
